Address: Republic of Moldova, Chisinau City, MD-2060, 41, Dacia Blvd.

Venues: Block of study nr. 10, the 2nd floor, 10-232 Logistics Room

---

Meeting SUMMARY

The WP2 Workshop (Event 2.1) is organised to initiate and coordinate the implementation of Work Package 2, which focuses on the development and modernisation of Curricula in line with the objectives of the AGROPATH project.

The workshop brings together partner institutions to review existing educational programmes, identify gaps and needs, and define the scope of curriculum development and modernisation. Particular attention will be given to aligning planned activities with project objectives, labour market needs, and the specific institutional and national requirements of partner universities.

During the meeting, partners will agree on the list of courses to be developed and updated, define roles and responsibilities, and establish a common approach for integrating project results into educational processes. The workshop will also set the foundation for further work on learning materials and their future integration into the project learning environment.

The expected outcome of the workshop is a shared understanding of WP2 implementation, clear allocation of responsibilities among partners, and a coordinated roadmap for the next stages of curriculum development.

DETAILED AGENDA

DAY 1: Thursday, May 14, 2026

Morning Session (9:00 - 12:00)

Location: Block of study nr. 10, the 2nd floor, 10-232 Logistics Room

Time	Activity	Facilitator	Objectives
